

Meet Kaleb

about Kaleb

"Hello,

My names Kaleb. I love people and I like making people feel good about themselves. I'm fairly caring and understanding, and very honest about how I want to be treated as a person from my support workers.

In 2018 I went down to Geelong for the 'Having A Say' conference to present the 'stop/start movie' that I was a part of, I loved every minute of it.

Going to Geelong with Marke and all the other guys from **Loud and Clear** inspired me to join, because there voice was being listened to, and I wanted to have my say as well.

Since going to Geelong and joining *loud and clear* I have met all sorts of new people and made lots of new friends, and it's amazing getting to know new people.

Thank you."

Having a Say Forever!
