

Meet Len

about Len

"Hi. My name is Len and I live in Junee. I work at *Kurrajong Recycling*.

Before joining the *Self Advocacy Support* I had a bit of trouble standing up for my rights, but I think I can speak up when something goes wrong.

I was brave to ask for the answer when my name was taken off from the '*Truck Run*' roster at work without giving me a good reason. At the end, my name was put back on the roster.

I also can say NO to my partner every time she shops for things that she doesn't need. I have learnt budgeting and am saving money to buy a house.

I have learnt different options to be more involved in the community; a few times I did volunteer work at RDAS' events.

I was elected **Secretary** of the *Self Advocacy group*.

I like to learn public speaking so that I can be elected Chairperson next time."
